Bow Island Rural Municipality.

The Council of the above Municipality met in the Council Chamber, Bow Island, on June 18th, Present—Deputy Reeve Almon Gregg, Councillors DePew, Slawson and Clark.

A large amount of correspondence was dealt with as a preliminary.

A letter was received from Dr. Paterson in which he offered to attend all catarrhes who are ill at half the usual fee, providing the Council granted a salary of \$200.

The matter will be referred to the Attorney-General.

After lunch the Council reassembled with Reeve Henderson presiding. It was decided to hold the Court of Revision on July 18th next.

D. K. Slawson moved that the Council fix the road for six miles south of Bow Island and three miles south of Bissett, one half of the expense to be borne by the Municipality and the other half by the government.

R. B. Clark—That road west of Bow Island be graded from town park to road allowance between sections 24 and 25, 10-11.

D. K. Slawson—That about 4 rods of road work in Mr. Currie's road be left with him to get as much volunteer work as possible and have road put in shape.

R. B. Clark—That Mr. Slawson have road removed between sec. 2 and 3, 10-12.

A. Gregg—That pound No. 2 located at House Grove be removed to north west quarter sec. 35-11-10, P. A. DePew be appointed pound-keeper, and payment of \$5.00 be allowed for such pound-keeping, provided he be willing to keep same.

C. F. Fowler and A. J. Bergeron interviewed the Council relative to the land that was taken from them for road purposes.

A. Gregg—That the Municipality pay C. F. Fowler the sum of \$40 per acre for land expropriated for roads and most of 80 rods of fence, and Messrs. Bergeron and Walsh be paid for same.

R. B. Clark—That Mr. Fowler be paid \$50.25 for the four acres of land expropriated for roads and 80 rods of fence.

A. Gregg—That the Council have six weeds inspectors.

R. B. Clark—That we hold a regular meeting on June 19th, and ask weed inspectors appointed to be present.

The following were appointed weed inspectors:—R. S. Beattie, Robt. Phillips, Geo. Scott, John Jacobson, W. Mervin and Herman Groth.

The Council then adjourned until the 19th inst., when the following were present—Reeve Henderson, Deputy Reeve A. Gregg, Councillors DePew, Slawson, Clark and Currie.

The secretary submitted the division of the Municipality for weed inspection as follows:—

- No. 1—H. Fairbairn, all of 10-10.
- No. 2—Geo. Scott, all of 11-10.
- No. 3—J. Jacobson, all of 12-10, and sec. 12, and 11-12-11.
- No. 4—W. Mason, all of 10-11.
- No. 5—R. S. Beattie, all of 11-11 and 11-12.
- No. 6—H. Groth, all of 10-12.

Football.

At an enthusiastic meeting of the Bow Island Football Club last week the following officers were elected for the ensuing season:

President, Geo. H. Ridgdale.
Vice-presidents, R. H. Robertson, J. W. Hard, R. A. J. McLaren.
Captain, Pete Thompson.
Vice captain, Steele Smith.
Secretary-Treasurer, C. S. R. Lait.
Manager Junior ball team, Rev. C. Bishop.

Involving players will please send their names and subscriptions to the Secretary-Treasurer, who is also open to receive donations from those interested in the club.
Give the boys a boost.

HELP THE FUND.

The "Review" learns that a direct appeal for support to the Patriotic Fund, Red Cross Fund, and Belgian Relief will shortly be made throughout southern Alberta, and that this district will not be overlooked. While the response of the public in the past has been decidedly generous, the need is very great indeed, and must increase as the war continues. We understand that the committee in charge will recognize with the United Farmers of Alberta and other organizations, and meetings will be held at the principal centres, where the purpose of the funds, and the methods of their distribution, will be discussed in detail. While such subscriptions are highly desirable, it is likely that an opportunity will be given to farmers to make donations in grain to be delivered after harvest. This will enable our agricultural population, whose patriotism and generosity is not second to that of any other class, to have a share in this good work which might be difficult for them at the present time if cash donations only were accepted. Fuller announcement will be made at an early date.

WEEDS ON VACANT LOTS.

What undoubtedly constitutes a menace to those farmers who are making an honest effort to keep their farms clean is the crop of weed food growing on vacant lots and road sides and in around our towns and cities. These vacant lots are often nothing more or less than nurseries and breeding places for all kinds of weeds. This is especially true of towns where large areas adjoining have been subject to wild subdivision and have had railways ploughed, forming lodging places for weeds which are allowed to grow unchecked. These produce countless numbers of seeds, to be blown and scattered by the winds over the farms. So far, bulletins, articles and advice pertaining to weed control have been directed at the farmer. A glance at the conditions found in most of our cities and towns will prove convincing that the farmer is not entirely to blame in the matter of weed seed production and distribution.

In the West the weed inspectors are being trained and instructed along lines that will enable them to assist the farmers in weed control, while at the same time provision by law is made to prevent any farmer from allowing his farm to become a breeding place for weeds and a menace to his neighbours. In most towns there are by-laws covering the weed problem but so often they are not enforced. Those living in towns and cities should co-operate and do their bit in the war against weeds. This is an important matter, and should receive strict attention by every town council. Action should be taken at once and not deferred until the weeds ripen and scatter their seeds.

NEWDALE.

Mr. William Oliver Parnall was born near Paris, Ont., on October 18, 1888, later living in Falkland, Ont., where he resided till 1920. He died at his home, south of Winnipeg, Alberta, on June 12, 1935.

In 1893 he was married to Miss Fanny Hanson, who survives him. To this union were born four children, three boys and one girl, one son and the daughter having been buried in Michigan. The other two boys and the mother make their home together. Besides his faithful companion and his two sons, he leaves to mourn his loss, two grandsons and two granddaughters, and one great-grandchild.

In 1892 they moved to Huron Co., Michigan, residing there for 30 years. In 1902 they moved to Alberta, Canada, living north of Winnipeg, till October, 1914, when they bought a farm in ten miles south of Winnipeg, where they now reside.

The funeral took place at their residence at twelve o'clock, June 14, the interment being made in the Winnipeg cemetery. Rev. Bishop, Methodist minister, of Bow Island, officiating.

Mr. Philip Rapson is visiting at the Parnall home for a few days, having come home with them after the funeral Monday. Mr. Rapson is a brother of Grandmother Parnall, and his home is north-west of Winnipeg.

Mr. Beckley, the stockeaper from Windy Ridge, made a business trip to the home of Martin Hilde last Wednesday.

Several from here are attending services at the Sunnyside church of 11th and some attend at Fairlight both the Advent and Methodist meetings. We have no services in Newdale district.

The crops are looking good through here. Cabbages and cress are looking some patches, but most of it is perfect stage where such pests like them best. But the gardens are their own, and we must still wait the time, late and early, crop if we expect a full garden crop.

Chicken raising is not much of a success among us. Even some of the older stock have died lately.

Mr. Will Beuching who moved north in the early spring, was back on a business trip a few days last week and visited at the home of his brother, Mr. Paul Beuching.

Mr. McDonald, who is staying with her mother, Mrs. Gibson, was at her home Monday of late to see to having work done on their farm and view the crop prospects.

Mr. John LaMarsh and his brother are now occupying the Ab. Gutkind house, and doing the summer-fallowing on John's own place across the road. John had the misfortune to lose his lawn and contents by fire lately.

Summer-fallowing is in full swing. It looks like business to see so many taking such good advantage of this ideal spring.

We have had rain every day in June so far, just as the old Indian in Medicine Hat said last April that we would have. We also had rain often the last two weeks in May. Indeed, we have an encouraging prospect for a crop at present.

Mrs. Lillian Bide visited at Mr. Alex. Smith's in Winnipeg two days last week.

Our district weed inspector, Mr. Mc Dougall, of north of Winnipeg, was through here this week.

MALEB.

Don't forget the temperance address at Fort St. James on Sunday next, 23rd at ten a.m.

Mrs. J. Gibson and Mrs. F. Tweedie were callers at Mr. L. N. Scott's last week.

Gals cannot be very scarce in this part of the country, as one young man was out horseback riding recently, accompanied by three young ladies. This we understand, was in honor of his twenty-first birthday.

Mrs. Alcott Shaver has returned from Calgary after spending a very enjoyable month.

Mr. F. Taylor of Bow Island spent Saturday night at Maleb.

Mrs. and Mr. L. N. Sewell went to Foremost on Monday.

Mr. Myers bought a horse from Mr. Boven this week.

Mr. Jack Neil is working at the fence on the antelope farm.

Mr. Robert Mitford was called home on Saturday, his father being very low.

Mrs. and Mrs. C. H. Reynar and Mr. Dacres and daughter were visitors at Mr. Dupuy's on Sunday.

Mrs. Howden and Mrs. Dupuy called on Mrs. A. Shaver recently.

Mr. Finmont Henry was a visitor at Melville last week.

Mrs. J. Stephens and Mrs. A. Stephens were calling on some of their neighbors last week.

Mr. Thomas Gibson took the service at Hayton's last Sunday.

Some people around here are getting nervous next week, as they say the berries are getting ripe.

Summer-fallowing is the principal work going on around here.

Mr. T. Hart has returned from Pulpit house. Mr. H. L. Sewell is doing the work.

Borden.

Borden has started to spend some time in the rain.

Mr. Tom Cooper has moved his outfit to the Bar G H ranch to break the virgin soil.

Spring is the time for flowers and lawn. Post Office is taking a whiff at Cupid's art.

Geo. Plamane and Lloyd Garlin journeyed to Lancaster street for a dance. As they were the only attendants they had a good time.

It might be more profitable for A. Plamane if T. B. Hands would remove his blacksmith shop, for he has the excess in cutting to sharpen shears.

Arrived at John Ley's, a new hired man on Thursday, the 17th.

Geo. Henrich and Lily Connor took in the dance at Lancaster on Wednesday night and returned Saturday.

We don't know why, but they are keeping the trail minus of grass towards the south these days.

A farewell party was given at T. B. Hands' Saturday night, leucism and cake being served by Miss Richardson and eaten by Mr. Plamane.

The Borden ball team journeyed to L. Smale's place on Saturday to meet the Forty-Mile champions. The features of the game were bases stolen by A. Plamane and the consolation prize, being by Lily Connor, the latter making twenty strike outs during the game.

Mr. Smale became very excited during the game over the argument of a balk by Pitcher Smale. It was a one-sided game with some warm arguments, but finally ended in good feeling with the score 10 to 1 in favor of Borden.

The line-up was as follows: Borden—L. Connor, C. G. Amble, H. A. Plamane, S. Hubert, B. R. Neal, 2c. L. Connor, P. N. Harding, H. B. McChesney, T. Connor, good.

Forty-Mile—H. Riley, R. Connor, good, B. R. Douglas, W. Connor, good, B. C. Riley, 2c. L. Smale, P. C. Morey, H. J. Ferguson, H. A. Brand, F. Upster, Stewart Reynar; score, Kipper, Miss Pearl Amble; booster for Borden, Miss Lily Richardson.

Don't forget the celebration at J. M. Gibbons' on July 1st. There will be live ball teams present, and a full line of sports followed by a first-dance. Lots of roasts, a good floor and good music.

Farmer.

Haycroft.

Two dances were held recently one in the 8th Schoolhouse and the other at Mr. E. L. Conquergood's.

There will be regular preaching next Sunday, June 29th, in Haycroft schoolhouse. Mr. T. Gibson will preach.

Mr. Hutchinson lease of the West Coal Mine, denies that he operated it since Sunday.

Mr. Palm and Mr. Butler Stacey, who have been ill are about again.

Born—To the wife of Mr. Geo. Morgan, a little daughter.

Sunday, May 30th, Mr. Thos. Gibson preached acceptably at Haycroft, Romans, chapter 6, verse 23, "The wages of sin is death," to a large congregation.

We regret that Mr. Harry Jenkins has lost his fresh milk cow, cause unknown.

Mushrooms are plentiful hereabouts. Many are putting out gopher poison. Crops are looking fine. Farmers are smiling. A light rain fell yesterday.

LOCAL & GENERAL.

Miss Isabel Whitney arrived from Calgary on Saturday last.

Mrs. Geo. Bruce spent a couple of days in Lethbridge last week.

Jack Reid of Lethbridge paid his brother a visit here on Monday.

Mrs. W. H. Bickel is in town for a few days the guests of Mrs. A. Swannamson.

M. B. Brown will address the meeting at Maleb on July 1st on "Prohibition".

E. Bern—To Mr. and Mrs. John E. Ley, on Wednesday, June 16, at Bow Island, a son.

Found—A pair of spectacles. Enquire at Review office.

A ball game between Bow Island and Borden at the park on Monday resulted in a win for the latter.

B. L. Jamieson, our local Jeweller, has removed his business this week to Blaine's Drug Store.

A children's service will be held on Sunday evening, July 1st at the Methodist Church. All are asked to attend.

W. A. Cruickshank, Foremost, has been gazetted official auditor, and Roy L. Goss, Grassy Lake, stock inspector.

A picnic will be held on July 1st (Dominion Day) at Gibbons' farm, 16-8-10. Horse races, baseball games, sports of all kinds.

We acknowledge with thanks the receipt of a batch of news this week from our correspondents at Newdale, Maleb, Borden and Haycroft.

Mrs. Munro's little son Paul, who has been undergoing an operation for appendicitis at Medicine Hat, was brought home to-day.

A. Egan, north of Bow Island, is recognized as one of our most industrious farmers. His crops this year bear out this testimony. His rye stands five feet, a splendid field of alfalfa will average 12 inches, whilst his wheat and oats are well above the average.

An inspection of the Boy Scouts will be held on Tuesday evening next at 7:30 p.m. by Scoutmaster Swaine at the Clergy House. Parents and others are cordially invited.

On Friday, July 9th, at 8 p.m. Rev. M. L. Wright will address a meeting in the Presbyterian Church on Prohibition. His subject will be "The Liquor Dealer's defence."

T. W. Dyer and W. J. Morrison of the Prosperity district were in town for a few days this week, and substantiated to the full the excellent reports we had heard of the crops in their district.

Rev. A. W. Swayne will officiate at the evening service at All Saints' on Sunday next. On Monday evening he will give his concluding lecture (with lantern slides) on the Prayer Book. Everyone is heartily invited.

Walter Caswell received a letter from his brother this week, dated from Shorecliffe Camp, England. Among other interesting news relative to the war, the writer intimates the case of a friend of his being sent with contingent to France and being returned wounded within thirty hours of his departure without having seen a single enemy.

Alfalfa six feet high is something, we should imagine, that would be really phenomenal for the irrigation ditch. Mr. Wall work has five acres of it four miles north of Bow Island, and a sample at the Review office has attracted considerable attention. Upon the same farm there is also to be seen a fine crop of Dromedary grass, a sample of which, plucked haphazard, measured four feet.

It is good to witness the young shelter belts that are springing up over the country. I. D. James' farm, just out of town, is a good example of this. The trees which he planted three years ago are now of a very sturdy growth, and will mean dollars to the owner should he want to sell out within the next few years. Apart from this phase, the trees make the farm more home-like, and are a refreshing change from the prairies. Incidentally, it

may be added, Mr. James has a fine field of wheat adjoining. In one spot it measured 43 inches.

Dr. J. H. Riddell of Alberta College, Calgary, was a visitor to Bow Island on Thursday of last week. The doctor was here in the interests of his college, which, he informed us, is run in connection with the Methodist Church. He will return here in the fall with a view to acquainting the people of this district more fully with its objects. At present the college has a large class of students preparing for matriculation at the Provincial University, with which it is affiliated. In the evening an exceedingly interesting address upon some phases of the war was given by the doctor in the Presbyterian Church.

ATTENTION ALL!

The Union School are holding their annual picnic on July 1st, Wednesday, A. E. West's farm. Full programme of sports for the children. Everybody welcome, everybody want, everybody come.

Do It Now.

The Department of Agriculture begs to advise the farmers of the province that in view of the large increase in the acreage sowed to grain and the prevailing crop condition there is likely to be a very great demand this season for harvest help and as there are a large number of unemployed workers in our cities at the present time it would be well to engage such help as may be needed at the earliest possible moment.

Hiberto it has been the policy of the railway companies to induce westward immigration for harvest help, but such movement will be possible, as conditions in the Eastern provinces are very similar to those in the West. Many very able and experienced men from Europe. At the present time there are a certain number of unemployed in Alberta. There are now however, over 100,000 men under arms, and recruiting is progressing steadily. Before harvest therefore it is safe to conclude that upward of 50,000 more men will have been withdrawn. It is also expected that railway and municipal work will rapidly employ the present unemployed so there is likely to be a scarcity of help for harvest work if arrangements are not made at once to secure the necessary assistance.

THE LIQUOR DEALERS CONDEMN THEIR OWN CASE.

The Liquor Dealers say in an ad. in The Edmonton Journal:

"That the proposed Liquor Act does NOT 'eradicate' the liquor business, and does NOT 'drive it from the Province'."

"There are dozens of long holes in the proposed Act, but for the present let us mention just one. The proposed Act allows a druggist to keep five gallons of alcohol on hand at a time. One would naturally expect such a quantity would be sufficient for medicinal purposes in any community; yet in addition the Act provides for the appointment of a salaried 'vendor,' whose sole business it will be to distribute alcohol. Why this duplication? Why are both needed?"

The Liquor Interests (when asking a Wholesale House for financial support) say:

"Dear Sir—We have been instructed by the Special Defense Committee of the above Association to solicit your financial assistance in our forthcoming fight against total prohibition in Alberta. . . . We, therefore, ask your financial support in this life and death struggle of the trade in this Province. . . . If we allow the Temperance Party to break into this end of the Dominion, it just means that the trade West of the Great Lakes will ultimately be wiped out."

(The Liquor People also say in an Ad. published in Contact Enterprise, May 13th):

"Under the Act he would be prevented from buying liquor in the Province, except from a registered Druggist and upon a doctor's prescription for purely medicinal purposes."

Bow Island Man Wins Silver Medal.

A short time ago officials of the Panama Pacific International Exposition invited the Canadian Pacific Railway to enter in competition a number of exhibits of grains and grasses that formed part of the country's display at this pavilion at the Exposition grounds. This was done and the announcement has just been made that out of sixteen entries, no less than seventeen prizes were captured. A. E. Barnes, Bow Island, Alberta, wins silver medal for oats. It is interesting to know that these exhibitors covered a very wide section of territory, from Dutch Creek almost on the British Columbia boundary, to Delmar in Manitoba.

School of Agriculture.

The directors of the School of Agriculture recently appointed by the Department of Education of Saskatchewan have entered upon their duties. In addition to the work of providing courses of study for public and high schools and the preparation of the work for the Normal schools, the directors have been present during the past month at several of the Teachers' Institutes which have been held at various centres in the province. At these gatherings the directors spoke to the teachers of the importance of agriculture instruction, generally, emphasizing the use of the school gardens and the improvement of the school grounds by means of trees and ornamental shrubs, etc. In the evening the meetings were addressed and an endeavor was made to widen the interest of the general public in the work, which cannot be carried out satisfactorily without cooperation among parents, taxpayers, trustees and teachers. Through these meetings the directors have been able to address nearly five hundred teachers and also a large number of others who are interested in education.
